our doctors

DR. S. RANDOLPH WALDMAN

Dr. Waldman is the senior partner, who specializes in facial plastic surgery with over 35 years of experience in facial aesthetics. He is nationally known as an educator in the cosmetic industry and facilitates one of the largest facial aesthetic meetings in North America.

DR. STEPHEN SCHANTZ

Dr. Schantz is a Los Angeles trained physician with over 15 years of experience. He is a Board Certified Plastic Surgeon specializing in breast and body procedures. He has expertise in aesthetic body contouring, including breast augmentation, breast reduction, abdominoplasty, liposuction, Brazilian butt lift, and more.

DR. J. BRAD TURNER

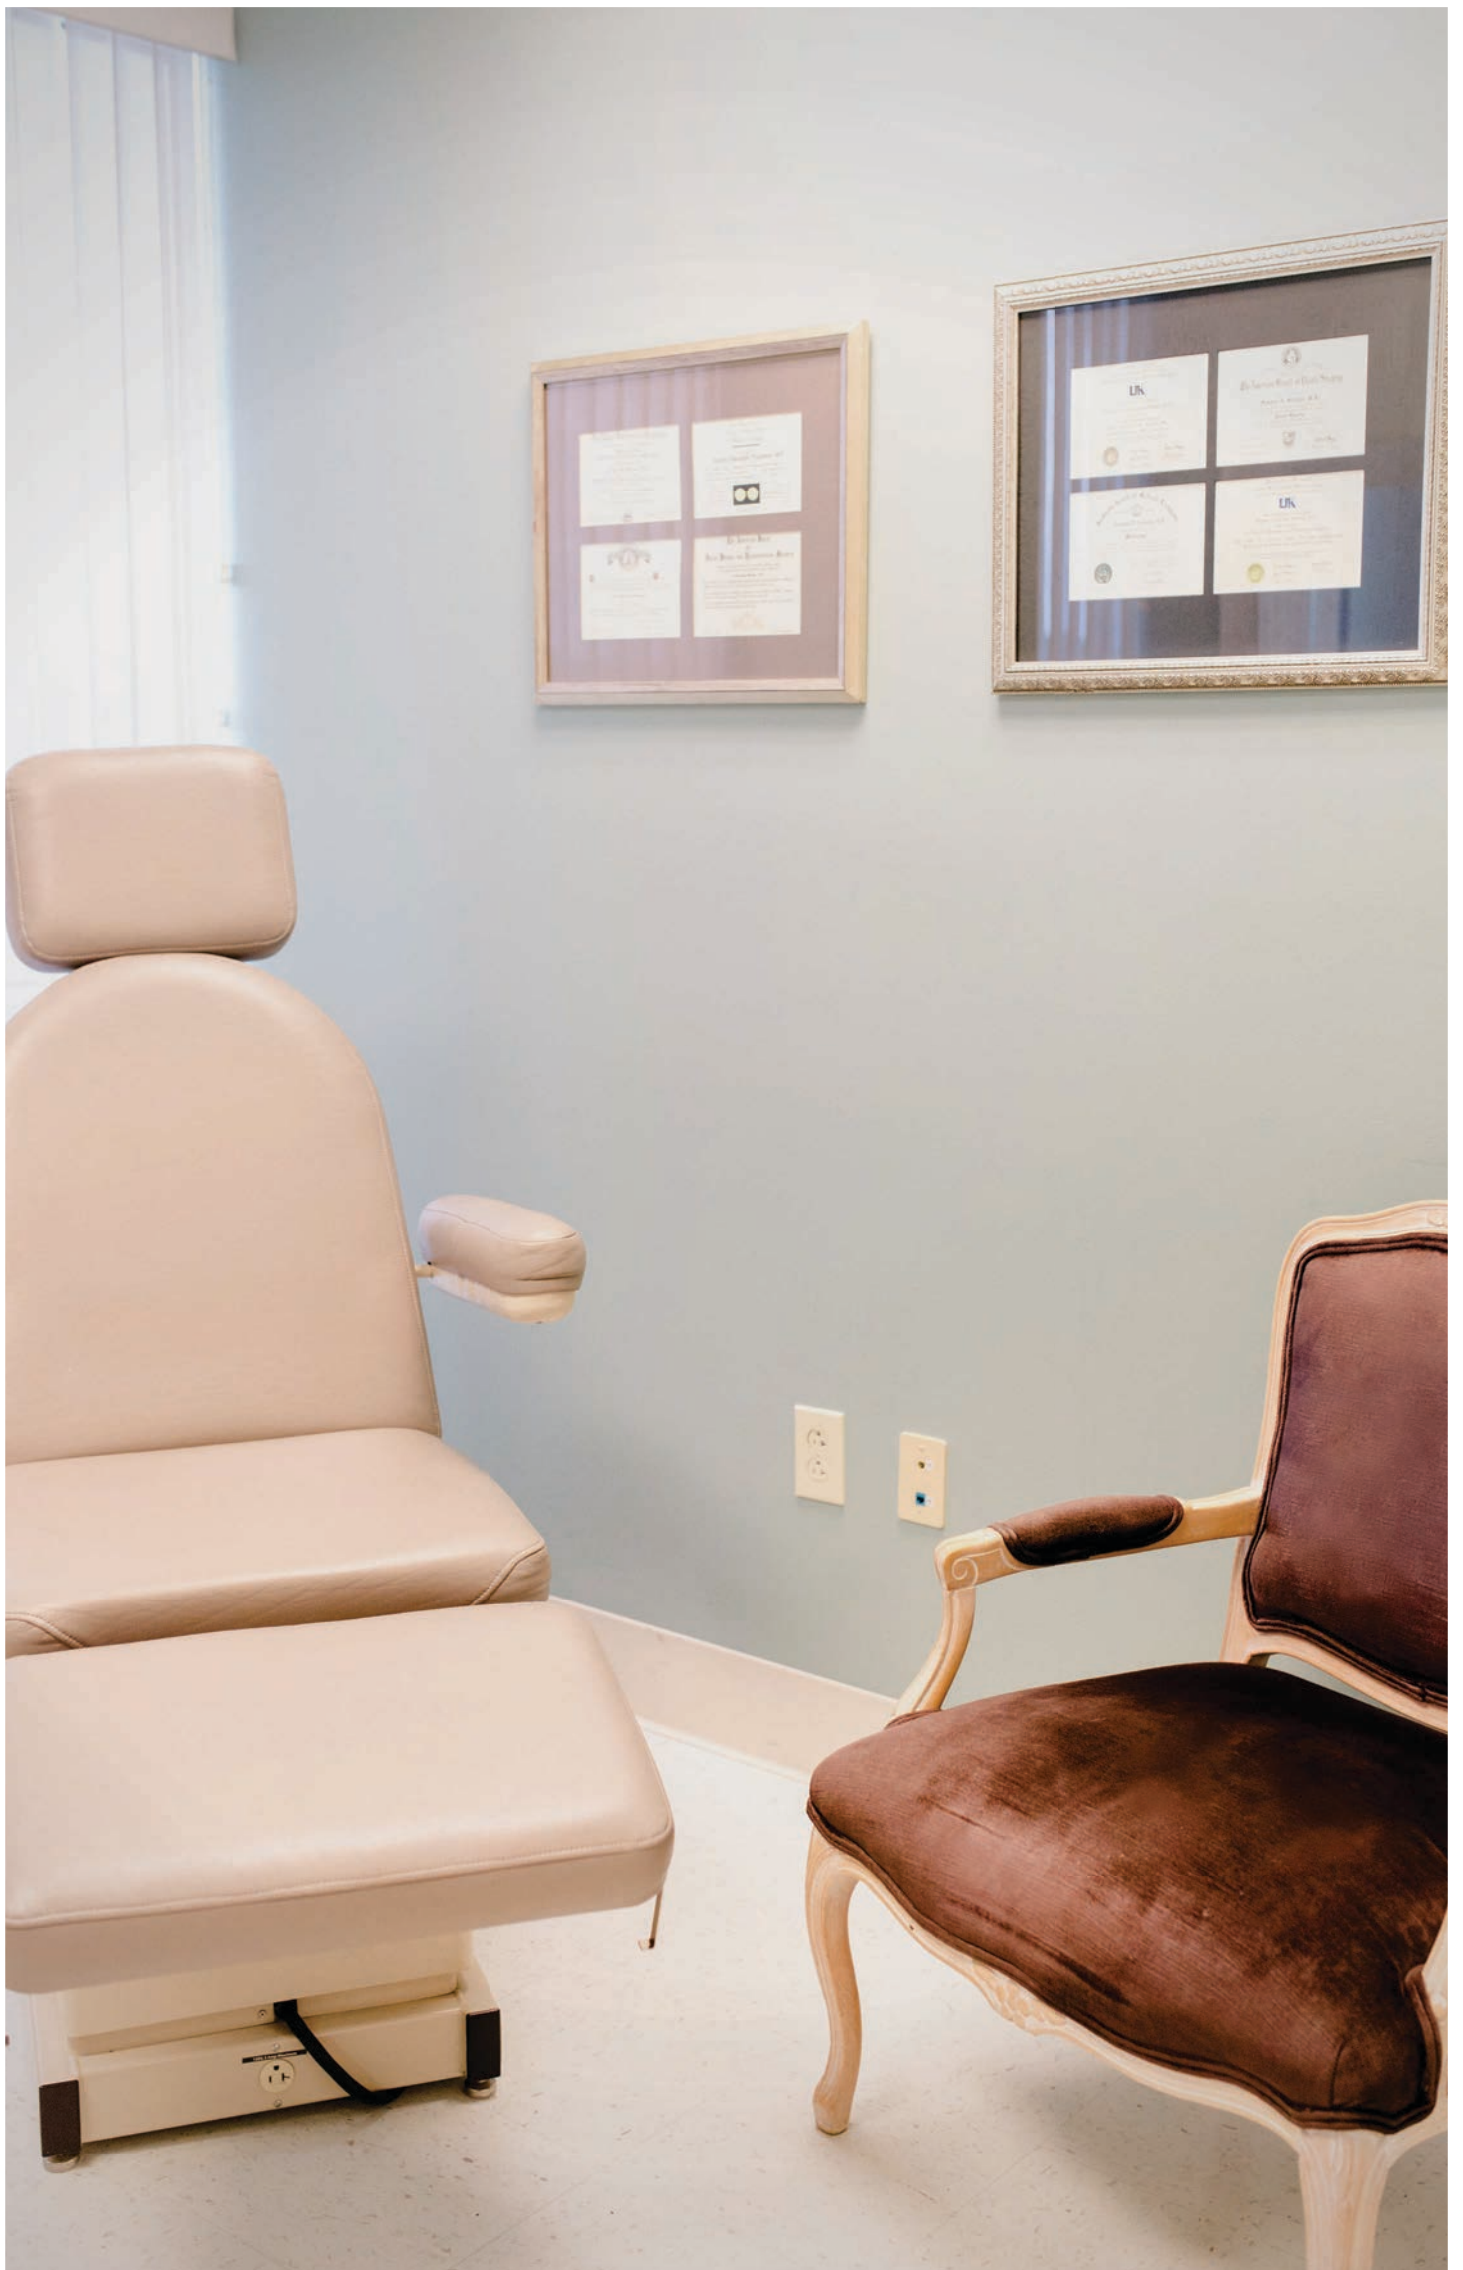

Dr. Turner joined our practice in 2015 and is a Board Certified Plastic Surgeon specializing in rejuvenation of the face and eyelids, as well as breast augmentation, breast reduction, abdominoplasty, liposuction, buttock contouring, and more! He is adept at bringing the latest innovations in surgical and non-surgical techniques to the practice.

DR. ALEX MONTAGUE

Dr. Montague is the newest member to join our team, bringing the latest techniques and technology to facial aesthetics. He specializes in cosmetic and reconstructive surgery of the face and neck, as well as hair restoration. Dr. Montague is published in both the Otolaryngology and Facial Plastic Surgery literature.

STEP 01

The Consultation

Ask our doctors all of your medical and aesthetic questions, while discussing your cosmetic concerns and goals during your consultation.

A patient coordinator will then generate a quote for you that is inclusive of all standard fees and costs that are performed through our office.

COSTS

\$175 : If paid on day of appointment

\$100: If prepaid before appointment

Complementary: If consultation is digital or if you are an existing patient.

STEP 02

The Commitment

Are you ready to take the plunge? Commit to your cosmetic transformation by reserving your surgery or procedure date!

COSTS

25% deposit of your total surgical quote

*If applicable, your consultation fee will be applied as a credit towards your surgical total.

STEP 03

The Planning Session

Conducted either in person, virtually, or a combination of both, your Planning Session appointment is scheduled after your deposit has been received and a surgery date has been set.

During this appointment, set for two to three weeks prior to surgery, you will learn extensive details about your upcoming procedure including pre-surgical do's and don'ts, along with information about your recovery.

"Before" photos may be taken at this time, and a nurse will call in your surgery-related prescriptions. If applicable, "goal" or "dream" pictures may also be discussed and chosen during this visit. Patients must also sign all consent documentation.

COSTS

Your entire remaining surgical balance is due at this appointment.

STEP 04

The Surgery

Most surgeries are performed at our state-of-the-art surgical suite, at the Waldman Schantz Turner Plastic Surgery Center facility. Dependent upon a patient's health needs, surgeries may also be performed at a Lexington hospital.

COSTS

All associated fees have been accounted for in your surgical total and thus your procedure is completely paid for.

STEP 05

The Follow-Ups

Congratulations on making it this far in your cosmetic journey!

Post-surgical follow-up appointments are scheduled at various increments depending on your doctor and procedure to ensure an on-track and speedy recovery. Your first follow-up will be booked by a staff member before you are discharged from surgery.

COSTS

All follow-up fees have been accounted for in your surgical total and thus completely paid for.
